## UNINTIMIDATABLE:

### The Vision of Leadership Expedition

**Unintimidatable.** It may not be in the dictionary, but it describes the character needed in the next generation of Christian leaders: young men who are so confident of who they are in Christ that they cannot be intimidated. They cannot be intimidated spiritually because they have a hunger and passion for God that results in absolute commitment and dedication to seeing his purposes fulfilled in their generation. They cannot be intimidated intellectually because they have the mind of Christ and are prepared to out-think the greatest philosophers of the world by operating with a revelation of the truth incarnate. They cannot be intimidated physically because they understand that their bodies are temples of the Holy Spirit, and have disciplined themselves to honor him in their physical bodies as well. They cannot be intimidated emotionally because they have submitted their emotions and desires to the rule of the Holy Spirit and the word of God, and they are led by their spirits not their souls. These young men will impact the world. They will call their generation to fulfill its God-ordained destiny. This is the vision of Leadership Expedition.

Leadership Expedition is designed to discover a special group of young men and invest in them the resources they will need to make an impact for the Kingdom of God in their generation. The men we are looking for have heard the call of God on their lives. They have answered it and counted the costs, and they are committed to doing what it takes to fulfill their God-ordained destiny by leading their generation to a greater realization of the Kingdom of God. Leadership Expedition seeks to impart to them a vision for the future, to equip them with the necessary tools for leadership, and connect them with others who share their passion.

### TRAINING ENVIRONMENT.

Leadership Expedition operates in a fairly structured environment. This allows us to cover a concentrated curriculum in the limited time frame available as well as providing a level of intensity which contributes to relational building among the men as well as preparing them to face future leadership situations. Just as leadership opportunities do not arise in a vacuum, training should not take place in a vacuum.

## LEADERSHIP EXPEDITION 2009

There are four major components to Leadership Expedition training:

**CLASS TIME** – Far from the traditional formal classroom, LE classes are generally conducted in a relaxed format that encourages interactive discussion. The men are challenged to make and share applications to their own lives from the material presented by the teachers.

**WORK PROJECTS** – Work Projects are specifically designed to challenge the men to put into practice what they are learning in class time and through other aspects of the training. They are presented as a challenge in which the group of men must take the initiative, choose their organization and division of labor and complete the process.

**ADVENTURE ACTIVITIES** – The adventure activities complement the teachings and provide an experiential form of learning as well as a great deal of fun.

**DAILY DISCIPLINES** -- The daily disciplines of life at Leadership Expedition are designed to be challenging. We get up early each morning and begin our routine with physical training and morning offering. These disciplines help maintain the appropriate training environment allow the men to practice responding to authority, attention to detail and personal discipline of mind, body and spirit.

### SELECTION.

Leadership Expedition is designed for a very specific type of young man: a young man who is aware that God has a special call of destiny on his life and has committed to pursuing that call. For this reason, participation in Leadership Expedition is by invitation only. However, we need your help finding young men to invite. Invitations are issued based on recommendations we receive from parents, pastors, youth pastors, or others who recognize the young men we are looking for. If you know a young man who is serious about fulfilling his God-ordained destiny, please use the Recommendation Form to recommend him to us. If you are a young man interested in Leadership Expedition, please give the Recommendation Form to your parents or youth pastor and ask them to recommend you.

### COST.

As part of our strategy of reaching the next generation by preparing young leaders, SCLM and its ministry partners underwrite a substantial portion of the cost of Leadership Expedition as an investment in the lives of young leaders who will impact their generation. Therefore, the cost to the participant is \$400.
